To Whom It May Concern:

It is my pleasure to strongly recommend Wendy Rasmussen for marketing and graphic design.

During our time together, Wendy displayed great talents in design applications, such as Adobe Illustrator and InDesign. When we first met, I was immediately impressed with Wendy and the graphic design skills she had on day one, but during the time worked together, her understanding of marketing and graphic design grew quite a bit. She took the lead on creating content calendars for social media posts which included graphics, she designed promotional ads and researched ways to get more traffic to our company website.

Wendy was a pleasure to work with because of her ability to be flexible and learn things quickly, and her eagerness to do things correctly and efficiently. Most importantly she is extremely passionate about causes that help people improve their lives. She was very dedicated to our company's mission of supporting cancer patients and their caregivers.

I am confident that Wendy would be a great fit for your organization. Not only will she bring the kind of skills and experiences you're looking for in an applicant, but she will also quickly become an asset and help your organization grow in any way she can.
